<b>Ageratum</b>			6000 s/g
☺ Blue Sensation	☺ 200sd 4.15	1M @ 17.40	3 ft; Tall strong stems, w/ deep-green leaves. Large, ultraviolet-blue flowers are sterile, long blooming & resist dead-heading. Fieldgrown specialty cutflower, knee-hi landscape or big container.
<b>Allium hybrida</b>			
☺ Quattro (F1)	100sd 6.90	1M @ 59.40	Overwintering. Sow summer, harvest tender new leaves the following spring til hard freeze. Interspecific hybrid that can keep producing for many years. Hardy Zone 5. Bunching habit, non spreading, well adapted to container growing, open fields or beds. Harvest tender new growth as it emerges on plant. New leaves are very thick, .75" wide, fleshy and very soft and easily eaten. Flavor like onion with a hint of mild garlic, but no garlic smell after eating. If winter is cold enough, flower buds will be initiated and large purple ball shaped flowers will appear 2nd spring. Young tender flower shoots are edible and can be sold as culinary material. The flowers have long, 2-week shelf life and can also be harvested for cutflower sales at your market. Grows 12" tall first season, taller in subsequent years.
<b>Alternanthera brasiliana</b>			615 s/g
☺ Purple Prince	100sd 17.45	1M @150.40	10" spreading 18" pot, 16" spreading 20" gdn; Compact mass of burgundy-ruby foliage works fast to spill over container or fill a bedding area with dense colorful foliage. Durable through any summer weather, rain, drought or heat. Season-long color shows from young stage til frost. Flowers may form under very short days, so lighting may help if growing crop in winter months. For landscape, planters, banks, baskets.
<b>Amaranthus cruentus</b>			1200 s/g
☺ Towers Series	☺ 500sd 3.20	1M @ 5.30	40"; Cutflower for greenhouse and field production. Colors: Green, Mix, Red.
<b>Anemone coronaria</b>			5995 s/g ✦ Z5
☺ Harmony Double Series (F1)	100sd 17.15	1M @143.30	6-8" spreading 5" pot, 14" in perennial gdn; Loads of eye-impact color both up close and en masse. Double flowers for extra appeal. Otherwise performance just like Harmony Series but slightly more compact. Colors: Blue, Mix, Scarlet, White.
<b>Antirrhinum</b>			7500 s/g
☺ Candy Tops Series (F1)	500sd 5.30	1M @ 8.85	7-8" spreading 6"; Upright with strong stems and sweetly fragrant flowers. Prolific branching puts flower stems all over the plant. Spikes are broad and packed with blooms. Works well in combo containers, packs to 6". Standout in gdn. Colors: Mix, Orange, Red, Rose, White, Yellow.
<b>Antirrhinum</b>			7500 s/g
☺ Crackle&Pop Series (F1)	500sd 3.70	1M @ 6.15	6" spreading 10" pot, 10" spreading 12" gdn; Very early with tight window for bloom time. Prolific branching and lots of flowering broad, dense spikes. Strong performance in pack, planter & gdn. Colors: Mix.
<b>Antirrhinum</b>			7500 s/g
☺ Snaptastic Series	500sd 5.15	1M @ 8.55	8" pot spreading 18", 10" gdn spreading 22"; Strong stems and vigorous lateral branching, form a durable bushy mass which withstands shipping well and supports thick bloom spikes as finished material. Bred for extra strong root system to withstand summer season outdoors. Fast 7-8 week crop time. For pots to gallons, bedding and planters, spring and fall markets. Colors: Magenta, Mix, Orange Flame, Pink, Red, Yellow.

<b>Antirrhinum Greenhouse Forcing</b> 6350 s/g				
☺ Maryland Series	☒ 200sd 3.70	1M @ 15.50		40" at loose spacing or high light, 60" at tight spacing or low light; Group 1-2. Early. Good choice fall, winter, spring programs with cool conditions and low light. Spikes are crisply defined and very full. For professional greenhouse production. Colors: Appleblossom, Bright Yellow, Dark Orange, Flamingo, Ivory White, Lavender, Orange, Plumblossom, Red, Royal, Shell Pink, True Pink, White, Yosemite Pink.
<b>Antirrhinum Greenhouse Forcing</b> 6350 s/g				
☺ Potomac Series	☒ 200sd 3.70	1M @ 15.50		40" at loose spacing or high light, 60" at tight spacing or low light; Group 3-4. Good choice for spring-summer-fall programs where high light, warm temps and long days prevail. Tall strong stems, long spikes, good quality. Supplement with high intensity light if growing crops into winter months. For professional greenhouse production. Colors: Dark Orange, Lavender, Pink, Red, Rose, Royal, White, Yellow.
<b>Antirrhinum Greenhouse Forcing</b> 6350 s/g				
☺ Red Delilah	☒ 200sd 3.70	1M @ 15.50		40" at loose spacing or high light, 60" at tight spacing or low light; Group 2. Novel color pattern among greenhouse types, ruby red lips with white throat in high contrast. Sturdy stems. Can be scheduled along with Maryland series with short days and medium light. For professional greenhouse production.
<b>Aquilegia canadensis</b> 900 s/g ✦ Z4				
☺ Pink Lanterns	100sd 4.70	1M @ 40.60		10"; Pink petals and spurs with soft yellow corolla which is marked by deep purple inside at the base of the corolla. Compact companion for Little Lanterns. Good for container and perennial bedding.
<b>Aquilegia oxysepala</b> 1014 s/g ✦ Z3				
☺ Oriental	1M 3.90	2M @ 3.35		24-30"; Purple grape flowers with warm yellow corolla in very unusual color combination. Novelty pot item, wildflower scapes. Germination may be erratic. Sow multiple seed per cell.
<b>Aruncus dioicus (sylvestris)</b> 9000 s/g ✦ Z4				
☺ Goatsbeard ¶	☒ 500sd 3.20	1M @ 5.50		5 ft; Clusters of white flowers in spring & early summer.
<b>Asclepias fascicularis</b> 277 s/g ✦				
☺ Narrow Leaved	1M 4.85	2M @ 4.20		20-40"; Highly scented flowers. This is the famous host plant of the Monarch Butterfly. Flowers borne in tight clusters of greenish white shading to pinkish purple. Sow early spring in warmth. May become dormant in midsummer but returns from rhizomes for years. Butterfly and bee plant, botanical, wildflower gdn.
<b>Aster</b> 480 s/g				
☺ Angela Purple	1M 3.40	2M @ 2.95		
<b>Aster</b> 480 s/g				
☺ Fan Series	☒ 500sd 4.25	1M @ 7.15		2 ft; Abundant 2-2.5" flowers, brilliant hued, semidouble, with tightly packed petals and bright golden yellow centers. Upright branching, good for whole-plant bouquet or single-stem harvest. Colors: Mix (7 colors).
<b>Aster</b> 480 s/g				
☺ Julie Series	☒ 100sd 4.50	1M @ 38.65		24-30"; Semidouble with tight petals and golden centers. 2-4 weeks earlier blooming than comparable varieties. Medium tall. Branching very low to ground for whole plant bouquet or single stem cutflowers. Strong disease tolerance. Good fieldgrown cutflower. Colors: Blue, Mix, Pink, Rose, White.
<b>Aster</b> 480 s/g				
☺ Matsumoto Sakata Series	500sd 3.15	1M @ 4.85		30"; Original Sakata strains, bred and selected in Japan's Misato Prefect under heavy disease pressure and much more tolerant of Fusarium. Heat & disease resistant, upright flowering habit w' strong & long stems. Mid size flowers distinctly yellow-centered. Cutflower. Colors: Apricot, Blue, Blue Tipped White, Light Blue, Pink, Red, Rose, Scarlet, White, Yellow, Mix.
<b>Aster</b> 480 s/g				
☺ Prinette Series	1M 3.15	2M @ 2.70		Colors: Violet Blue, Mix.
<b>Basil</b> 700 s/g				
☺ Everleaf Genovese	200sd 4.35	1M @ 18.25		18" spreading 12" pot, 24" spreading 18" gdn; Columnar habit for easy harvest and clean leaves. Extended continuous harvest and high yield due to extra late flowering. Tolerant to DM, Resistant F. For fresh harvest, container, field or gdn.
<b>Basil</b> 700 s/g				
☺ TZ 7237	1M 3.15	5M @ 1.95		10-11" pot, reaching 18" gdn; 100% deep purple foliage. Improved 'Red Rubin' type with increased vigor and uniformity. 80 days to harvest. Attractive, cupped Genovese-shaped leaves. Ornamental edible with spicy clove aroma. Nice border or container plant.
<b>Begonia tuberosa</b> 50000 s/g				
☺ Nonstop Joy Mocca White P (F1)	100sd 5.50	1M @ 48.90		8" pot, 10" gdn; A new semi-trailing type under the NonStop® brand. pure white with soft cream tinge at center, full double flowers and larger size. Improved branching for fuller baskets, compact short internodes, neat and easy shipping. Covers basket and ground quickly. For well shaped, rounded baskets and extreme color.
<b>Bellis</b> 1000 s/g ✦ Z5				
☺ Roggli Series P	500sd 4.25	1M @ 7.15		5"; Early flowering and compact with curled petals. Colors: Red, Rose, White.
<b>Calendula</b> 150 s/g				
☺ Kinglet Series	☒ 1M 5.20	2M @ 4.60		2ft; High pct crested dbl flrs. Strong wiry stems. For field grown specialty cutflower and mass landscape. Colors: Apricot, Golden, Mix, Orange.

<b>Calendula</b>									150 s/g
☺ Orange Flash	☒	1M	4.95	2M @	4.25	2ft; Large buff flowers Orange blushed with cream base, many narrow petals, small dark ctr. Highly dbl petal count. For fieldgrown cutflr and mass landscape.			
<b>Calendula</b>									150 s/g
☺ Radio Orange		1M	3.35	2M @	2.90				
<b>Calocephalus brownii</b>									
☺ Bed Head		100sd	5.15	1M @	43.15	8"; Wiry, wildly branching silver foliage spreads to fill large containers. An eye catching conversation piece. Heat tolerant and hardy. Good for fall crop and bedding, pot plant or landscape. Sow 4 seeds per plug or pot. About 4 months to finished product.			
<b>Capsicum Ornamental Pepper</b>									200 s/g
☺ Blaze		100sd	9.30	1M @	77.80	4" spreading 8"; Large fruit matures from yellow thru orange to red. Creates a distinct, eye-catching tricolor effect over the dark green foliage. Dense branching and healthy leaf appearance. Sell best with 1st red showing so the autumn color medley is apparent.			
<b>Capsicum Ornamental Pepper</b>									200 s/g
☺ Midnight Fire		100sd	9.30	1M @	77.80	9" spreading 14" pot, 14" spreading 16" gdn; Stunning darkest black foliage. Conical fruit matures from deep blackish purple to blazing red. Color all season from young plant til frost. Excellent item for fall sales as well. For bedding and containers from 4" to gallons.			
<b>Capsicum Ornamental Pepper</b>									200 s/g
☺ Wicked		100sd	9.30	1M @	77.80	6" spreading 5" pot, 8" spreading 7" gdn; Very compact determinate plant with extra large fruit. Starts purple, turns red. Broad conical fruit protrude well above deep green foliage for high color-to-leaf ratio. Fruit only mildly hot.			
<b>Catananche caerulea</b>									280 s/g ✦ Z5
☺ Amor Blue	☒	500sd	3.85	1M @	6.65	24"; Soft cornflower blue with deep-blue center.			
<b>Catananche caerulea</b>									280 s/g ✦ Z5
☺ Amor White	☒	500sd	4.15	1M @	7.00	24"; White, purple-centered.			
<b>Celosia</b>									1700 s/g
☺ Bright Sparks Series		500sd	4.80	1M @	8.00	11" spreading 10" pot, 13" spreading 12" gdn; Outstanding for sustained large plume size, 3-4" tall and 3" across, both in initial and secondary spikes. Vigorous branching, strong heat tolerance and reduced tendency to color fade provide extra performance in hot summer areas. Scarlet develops a rosy bronze leaf color, other colors bright green. Long color show in containers and beds. Colors: Bright Yellow, Deep Rose, Mix, Scarlet.			
<b>Celosia cristata</b>									900 s/g
☺ Crystal Beauty	☒	100sd	7.00	1M @	60.40	3ft; Exotic metallic orange color that shades from lighter to deeper from bottom to top. Large fan shaped blooms can become exceedingly large with pinching. Foliage and stems are light yellowish green. For specialty cutflower, field or tunnel.			
<b>Celosia cristata</b>									900 s/g
☺ Delhi Series	☒	100sd	4.80	1M @	41.40	3 ft; Excellent performance at high temperatures. Brilliant hues, large fan shaped flowers with strong color at collar. Strong green-gold stems, deep green leaves. Professional cutflower product, excellent for Southeast and Sunbelt. Not recommended for winter production. Colors: Mix, Pearl, Purple, Red, Rainbow.			
<b>Celosia cristata</b>									900 s/g
☺ Green Sango	☒	100sd	7.90	1M @	67.90	40"; Light green fans, very early flowering. Produces single stem harvest without pinching. For outdoor production. Not disease tolerant. If under glass, provide good ventilation and treat for disease. Excellent for single-stem harvest.			
<b>Celosia cristata</b>									900 s/g
☺ Neo Series		100sd	8.20	1M @	68.70	28"-40"; Improved series is less daylength sensitive, with vivid, unique new colors and smaller leaves. Easy to arrange, eye catching in shop. Premium quality cutflower for greenhouse or field. Colors: Gold (deepest on mkt), Orange (deep hot color), Pink (earliest & dark stemmed), Red (vivid & shorter), Rose (taller & slower), Mix.			
<b>Celosia spicata</b>									850 s/g
☺ Roseberry Parfait	☒	100sd	3.40	1M @	29.25	24-30"; Deep rose red spikelets along stem. Slender lance shaped flowers. Leaves are narrow and near top of plant, sparse, making for a good stem with little labor to prepare for arrangements. Useful fresh or dried. For specialty cutflower. Worth testing for dried arrangement.			
<b>Cineraria</b>									4500 s/g
☺ Jester Series P (F1)		100sd	7.45	1M @	62.65	12"; Compact rounded shape, uniform bloom time. Carmine & white bicolor flowers. Chill blooming, winter pot crop. Colors: Blue Bicolor, Carmine Bicolor, Mix (broad range of many colors), Royal Bicolor Shades (blend or 5 bicolor varieties).			
<b>Cosmos bipinnatus</b>									100 s/g
☺ Apollo Series (F1)		100sd	3.25	1M @	20.35	18" container, 25" gdn; The first ever F1 Hybrid Cosmos. Compact growing with short internodes for concentrated color show, more durable shelf life and easy to handle and ship. Large 4" flowers have overlapping petals with solid texture. Long flowering, strong against disease & heat. Hybrid vigor pays off! For bedding & containers. Colors: Carmine, Lovesong (shades of pink picotee, white & pink), Mix, Pink, White.			

<b>Cosmos bipinnatus</b>									100 s/g
☉ Double Dutch White	☒	1M	4.30	2M @	3.70	4ft; Pure white full double flrs with golden eye. Broad lacy petals make big color show. For fieldgrown cutflr and mass landscape.			
<b>Cosmos bipinnatus</b>									100 s/g
☉ Lemonade	☒	200sd	4.35	1M @	18.80	2 ft June, 3 ft Aug; Warm primrose yellow with white ring at petal base surrounding golden eyes. Flowers well all summer. For containers, borders, fieldgrown cutflowers.			
<b>Cucumber</b>									30 s/g
☉ Gherking (F1)		100sd	5.45	1M @	46.80	4-6 ft; 50-55 days. AAS Winner. European gherkin type pickler. Very high quality eating both fresh or pickled. Parthenocarpic, bitterfree, 3-5 x 1-1.25". Tender-skinned crispy fruit, can be grown "seedless" for extra fine table quality. Strong disease package and vigorous vines enable high yield potential. Well adapted to tunnel, glass house, trellis or open ground. Nationally promoted through consumer channels. Resistant CMV, S. Tolerant DM, PM.			
<b>Cynoglossum amabile</b>									187.3 s/g ✦
☉ Blue Chinese Forget Me Not		1M	3.35	2M @	2.90	18-24"; Handsome fast-growing plant forms a dense bushy mass with thousands of small, five-star, brilliant sky-blue flowers borne on branches emerging in all directions from the canopy, wherever there is sun. Blooms from spring, a few weeks after planting, and all through summer until fall. May decline in midsummer in extra hot areas. Good for butterflies, hummers, and excellent filler and posie material in specialty cutflower programs.			
<b>Datura x candida</b>									85 s/g
☉ Blackcurrant Swirl		100sd	9.90	1M @	85.50	5 ft; Large, double tubular, metallic winter-sky blue flowers. Fragrant. For large containers, specimen plant. All datura is poisonous.			
<b>Daucus carota</b>									850 s/g
☉ Dara Dark Red Shades		200sd	3.25	1M @	13.30	**Not for sale to states: IA, MI, OH, WA** 3-4 ft; Ornamental carrot. Sister variety to Dara, but non-fading or much reduced fading. Burgundy-red flowers throughout bloom season. Much sought after as specialty cutflower and very nice for fieldgrown crops. Pleasantly aromatic, ferny carrot foliage. Bee and butterfly plant.			
<b>Dianthus chinensis</b>									950 s/g
☉ Chianti		1M	3.60	2M @	3.15				
<b>Dianthus x barbatus</b>									300 s/g ✦ Z5
☉ Rockin' Red P		100sd	11.35	1M @	94.85	18" spreading 10" pot, 24" spreading 12" gdn; FYF. Long lived perennial. Vivid deep red. Durable lacy fragrant. flowers crowd in clusters atop lushly branched plants. Lots of color on a very sturdy frame. For quarts to gallons. Worth testing as fresh local cutflower for bouquets.			
<b>Dianthus x chinensis</b>									750 s/g
☉ Kensington Mix	☒	1M	4.85	2M @	4.20	2 ft; Mixture with large full double bicolor flowers. Deeply lacinated petals and white picotee edges in sharp contrast to broad range of base colors including cherry, purple, lilac. Worth testing as fieldgrown cut. Also good for borders and landscape.			
<b>Digitalis purpurea</b>									10000 s/g ✦ Z5
☉ Carousel Series		200sd	3.30	1M @	14.25	30"; Large flowers densely packed all the way around the strong spikes make a great color show. Good insect plants. For large pots, centerpiece in combo containers, perennial borders. Worth testing as cutflower in fresh local mkts. Colors: Lavender, Mix, Purple, Primrose.			
<b>Dusty Miller</b>									2000 s/g ✦ Z7
☉ Quicksilver P		500sd	3.25	1M @	5.60	8"; Extra low growing strain, stays more compact than other Silverdust types. Silver-gray foliage, lobed & deeply cut. Small yellow flower clusters. No PGR needed.			
<b>Dusty Miller</b>									2000 s/g ✦ Z7
☉ Quicksilver R		2M	4.15	5M @	1.75	8"; Extra low growing strain, stays more compact than other Silverdust types. Silver-gray foliage, lobed & deeply cut. Small yellow flower clusters. No PGR needed.			
<b>Echinacea purpurea</b>									330 s/g ✦ Z4
☉ Green Twister	☒	100sd	7.30	1M @	61.90	32" first yr, 40" 2nd yr; FYF. Wonderful new color shades. Petals start pure lime green with narrow band of carmine red at base and a few with yellow edges. The Carmine zone increases so that older blooms will have a large neon-carmine zone with distinct band of green at edges. Large golden cones mature to mahogany. Many plants have deep burgundy stems. Strain appears to be completely stable for this pattern after growing thousands of plants in production fields. For premium containers, fieldgrown cutflowers, perennial borders.			
<b>Eschscholzia californica (Calif. Poppy)</b>									700 s/g
☉ Bush Series		1M	3.15	2M @	2.50	8-10"; Low branching habit, long flower season, tends to produce fibrous roots for easier handling in containers. Colors: Butter, Fire, Mix, Pink, Rose.			
<b>Flowering Cabbage</b>									330 s/g
☉ Condor Pure White (F1)		200sd	4.15	1M @	17.25	25-30"; Pure white rosette with soft pink center zone. The white color holds under all common light conditions. Pure deep green outer leaves with white veins provide high contrast. Stems are strong and grow straight up.			

<b>Flowering Kale</b>								250 s/g
☺ Flare White (F1)	☒	100sd	6.00	1M	@	50.40	30-38" depending on space and light; Large airy open heads with pure white undulated central leaves, with graceful waving edges. Base leaves are deep green. Heads are a good size for shipping. Long strong stems and excellent vase life provide a very durable and attractive product. For cutflower growers of all types. Excellent for winter and bridal bouquets and well suited to dying in a range of colors. Plant spacing will affect size of flower head. Netting recommended.	
<b>Flowering Kale</b>								250 s/g
☺ Yokohama Series (F1)		500sd	5.50	1M	@	10.00	5-7" spreading 8"; Extravagant extra curly fringed foliage. Very slow to bolt and very cold tolerant, providing longer and stronger garden performance. Well adapted to a wide range of container sizes. Colors: Mix, Red, White.	
<b>Foeniculum vulgare</b>								185 s/g ✦
☺ Antares Fennel (F1)		200sd	3.20	1M	@	10.90	**AAS Winner 2017** 2 ft; Harvest 68 days from sowing. Edible Ornamental. Nationwide trials reported very uniform, pure white bulbs, beautiful ferny fragrant fronds, and refined sweet flavor. Also very bolt resistant in the summer season, which promotes reliable bulb formation. Edible bulb, ornamental fronds. Butterfly attractant.	
<b>Fuchsia procumbens</b>								1300 s/g ✦ Z8
☺ Creeping Fuchsia		100sd	4.80	1M	@	41.30	4"; Low creeping plant covers ground. Showy green yellowish flowers, red & blue stamens May to Oct. For containers, groundcover, basket.	
<b>Gazania</b>								570 s/g
☺ Solero Series		100sd	3.30	1M	@	27.85	10-14"; Huge flowers with broad overlapping petals, bold central rings of a various contrasting colors, and golden to chocolate centers. Upright habit. Good for bedding, containers and bowls. Crop time about 10-12 weeks from potting. Colors: Mix, Orange, Red, White, Yellow Shades.	
<b>Gloxinia</b>								25000 s/g
☺ Multibells Series P (F1)		100sd	5.25	1M	@	43.60	4" spreading 8"; Extremely early and floriferous, bearing up to 40 blooms per plant in trials. Extra short leaves make small footprint on bench, more plants and more profit per sq ft, easier shipping with less damage and more plants per cart. Up to 2 weeks earlier than other varieties on mkt. Colors: Blue, Cherry, Mix, White.	
<b>Helianthus annuus</b>								30 s/g
☺ Sante Fe		100sd	3.30	1M	@	27.55		
<b>Helianthus annuus F1</b>								25 s/g
☺ Double Dandy (F1)		100sd	3.25	1M	@	24.80	2ft; Pollenfree. Dwarf branching habit. Unusual light red petals develop tan streaks at tips. Extra ring of small petals stippled burgundy & tan around shiny black central disc. Stiff thick stems and smallish leaves. For container centerpiece, knee-hi bedding, or short-stemmed local posies.	
<b>Helianthus annuus F1</b>								25 s/g
☺ Jua Series	☒	100sd	3.25	1M	@	23.25	**Treated Seed** 3-5 ft depending on culture; Pollen free. Improved for rapid growth and less sensitivity to cultural variations. Large 3.2-4.75" flowers with long vase life. Small deep green top leaves. Professional quality. Colors: Inca (gold w' dark ctr & faint mahogany ring), Maya (golden yellow w' dark ctr).	
<b>Helianthus annuus F1</b>								25 s/g
☺ Pro Cut Orange DMR		100sd	3.25	1M	@	23.95	5 ft; Resistant to Downy Mildew, which enhance ease of culture in areas where DM is a problem. Otherwise just like Pro Cut Orange. Single stemmed, pollen free, day-neutral with outstanding early maturity in 50 days; highly commercial. Black-seeded type less likely eaten by crows in the field. 3 to 4 inch flowers with black centers.	
<b>Helianthus annuus F1</b>								25 s/g
☺ Starburst Greenburst (F1)	☒	100sd	3.30	1M	@	27.25	4-6 ft; Pollenfree branching Starburst type. Golden yellow semidouble petals erupt from center in starburst pattern. An extra ring of small fringe petals surrounds the green center. Beautiful type for specialty cutflower, as whole plant bouquet or as single stems when grown at closer spacing. Also a stately long-flowering landscape plant when given plenty of space in the garden.	
<b>Ipomoea (Morning Glory)</b>								20 s/g
☺ Red Picotee		100sd	6.25	1M	@	53.70	Climbing vine to 8 ft; Heart shaped leaves, star shaped flowers, rosy red with white edge.	
<b>Ipomoea (Morning Glory)</b>								20 s/g
☺ Rosita		100sd	4.40	1M	@	37.95	Climbing vine to 6 ft; Red with white star at center and white edge.	
<b>Lathyrus odoratus</b>								12 s/g
☺ Spencer Blue Velvet		500sd	3.70	1M	@	6.40	Climbing vine to 8 ft; Large twin stemmed flowers, Deep dusky blue.	
<b>Lavandula angustifolia</b>								1080 s/g ✦ Z5
☺ Blue Scent Early Blue		100sd	3.25	1M	@	20.00	12-14"; FYF. No vern. Early flowering with a vigorous branching habit and dark blue flowers over silvery green foliage. Very fragrant. Easy to schedule for sales dates.	
<b>Lavandula angustifolia</b>								1080 s/g ✦ Z5
☺ Blue Scent Improved		100sd	3.25	1M	@	20.00	12" spreading 6" pot, 24" spreading 8" gdn; FYF, no vern needed. More consistent and earlier flowering, programmable for spring mkt dates. Deep purple-blue spike over dense branching silvery green foliage. For quarts to gallons.
